## Miele® Vacuums

Vacuum cleaners can contribute to indoor air pollution if they don't retain the dust, dirt, and allergens they collect. Miele vacuums not only clean homes but the air as well. All canister vacuums have a powerful 1,200-watt Miele-made Vortex Motor System, a 29½-foot overall cleaning radius, automatic cord rewind, and six-stage suction-control rotary dial. All can be used for medium- to high-pile carpeting, area rugs, and all smooth flooring.
